

PRODUCT RANGE
NEW ENERGY VEHICLE DRIVE MOTOR
RECTANGULAR COPPER WIRE

Temperature resistance level	Level 200, Level 220
Product model	QZY-2/180, Q(ZY/XY)-2/200.
Specification range	Φ0.270-3.000mm
Executive standards	GB/T 6109.5-2008, GB/T 6109.20-2008

New Energy Vehicle Drive Motor Rectangular Copper Wire has some advantages:
Improved Packing Density, Reduced Skin Effect, Enhanced Cooling, Lower AC
Losses, Reduced Proximity Effect, High Current-Carrying Capacity, Customization
for Motor Design.
