

PRODUCT RANGE

TRANSFORMERS ENAMELED FLAT COPPER WIRE

LPHY

HENAN LP HUAYANG NEW MATERIALS CO.,LTD

Product model	QZYB-2/180
Specification range	4-65mm ² a: 0.80-4.50mm;b: 2.80-16.00mm
Execution Standard	GB/T 7095.3-2008
Temperature resistance level	Level 200, Level 180
Main raw materials	Self-produced oxygen-free copper rods, Alantas insulating paint

Transformers Enameled Flat Copper Wire has some advantages: Efficient Conductivity, Low Resistance, Heat Resistance, Durability, Space Optimization, Improved Insulation, Compatibility with High-Frequency Applications.
